

## The Newsletter of the Voyager Risk Solutions

## Office Announcement

## Welcoming our new colleague Sam Lau and Mandy Wong

We are happy to announce that **Sam Lau and Mandy Wong** have joined VRS.

## Shift Duty due to the coronavirus

VRS started to perform shift duty from February 2020 due to the coronavirus, some of us would on duty at office and some of us would stay home office. Please refer to the latest roster for more information.

It is highly probable the existing cases were infected locally, so there could be invisible chains of infection happening within communities. Please remember to maintain good personal hygiene and wash your hands frequently, some reports had shown the virus could linger on door handles.

Thank you for Mr. & Mrs. Chan's effort, so that VRS can have enough protection towards the virus. From 1 Feb, we would spray the air sanitizing mist every 2 hours to ensure the office cleanness. We also prepared the hand sanitizing mist at reception for all of us.

【Review】 New year has begun!

New year, new beginning.

VRS wishes all of you good fortune and may all your wishes come true.

Tomorrow we would have the lion dance at 1pm. Please save you date and enjoy the performance.
